

**Emily Rodgers**  
Taxidermy

### About

- Originally from the Island of Guam, I have resided in the Pacific Northwest off and on since 2010.

The scenic coastline, rainy weather, and expansive rainforests have captivated me and I am excited to lay down roots in the beautiful community of Florence/Gardiner, where I am the owner and operator of Fur & Feather Taxidermy.

### Signature

### Mediums

- Mixed Media
- Fiber Art

### Artist Statement

Before I started my career in taxidermy I worked with animals in the veterinary field, grooming, and in animal shelters. I have always had a huge passion for animals, nature, and art. Initially a collector of taxidermy and all things eclectic, I wanted to learn how to preserve hides and create my own artistic pieces of taxidermy which led me on this journey. After graduating from the Oregon School of Taxidermy in 2022, I got the opportunity to purchase the supplies from a retiring taxidermist and start my own business. I will always consider myself a student and am learning new things about my job with each project.
